

Bears January 2019 Newsletter

Welcome back Bear students and parents. I hope that everyone had a wonderful Christmas Day and a festive New Year celebration!

We will work hard to get right back into the routine of preschool. The first half of the month we will focus on winter. The 2nd half of the month we will focus on space. If you had a kiddo with me before you know that after we finish up space we go on a field trip to the Anchorage Museum/planetarium. I'm going to save that for later (closer to spring). The past couple of years the roads have been so bad and I've had to cancel last minute and it's so hard to reschedule with them. I'm going to work on an April date for this big field trip.

The only other thing I want to give a heads up on. This will not apply to most of the Bears families but, I still would like to let everyone know. PSP enrollment for the 2019-20 school year is fast approaching. I have attached a schedule with the dates for enrollment for next year for those of you who wish to return, or spread the word. The PSP board of directors increased the enrollment fee and tuition for the 2019-20 school as follows: Cubs class nonrefundable enrollment fee \$145, monthly tuition \$145. Bears class nonrefundable enrollment fee \$185, monthly tuition \$185. The boards of directors also changed the date from March 1st to January 1st in which you will be responsible for paying for the remaining of the school year if you choose to withdrawal from PSP. If you would like any further information or explanation on this please let me know.

Best Wishes for 2019!

Tausha
